

NVIDIA Project DIGITS

Description

NVIDIA GeForce RTX 4090 Desktop GPU with 24GB GDDR6X memory, 120W TDP, and NVIDIA DLSS 3.5. Supports up to 8K resolution and 40 FPS. Includes NVIDIA AI Enterprise software for AI development and deployment. Available in various configurations and quantities.

Available in various configurations and quantities. Supports up to 8K resolution and 40 FPS. Includes NVIDIA AI Enterprise software for AI development and deployment.
