Connection

Provider

All providers use OpenAI-compatible API format

OpenAI / LM Studio / vLLM

Chat/default server URL

Used for chat and as the embedding fallback.
Ollama: localhost:11434 | LM Studio: localhost:1234
| vLLM: localhost:8000

http://localhost:11434

Chat/default API key

Required for OpenAI. Embeddings inherit this unless
an embedding API key is set. For local servers, use
'not-needed'

not-needed

Embedding server URL

Optional. Leave blank to use the chat/default server.
Use this for a separate OpenAI-compatible
embedding server.

http://localhost:1234

Embedding API key
